Capital Campaign

The 3rd year of the "Building for the Future" Capital Campaign continues. The "Multi-Purpose Facility" has already been a huge asset to the Trinity family. This building will benefit all students, K4 -12, at a cost of \$700,000. We are over half-way with funding, but still in need of funds. This is a great way to help Trinity build for its future, and we need YOUR support!

2017-18 Annual Fund

Be on the lookout for the 2017-18 Annual Fund information. Remember donations to the Annual Fund are tax deductible and will help fund numerous operational needs.

GOAL Scholarship Program

Each year, families can choose to redirect a portion of their state taxes to fund scholarships for eligible Trinity students. Those donors will receive a state tax credit for their contribution to GOAL. The 2018 campaign is underway; please join others who are making a difference in the lives of many Trinity students. Be on the look out for more information in the near future, or visit the GOAL website to contribute online.
