## TEACHING THE TRUTH

October 9, 2020

To all Trinity Families:

Once again, I would like to say how much I appreciate the work of the Trinity Family during adaptations we have had to make this year for a healthy environment, from taking temperatures in the morning, wearing masks, cleaning desks, spacing, etc.

Our numbers will continue to fluctuate at different times. We are aware COVID could impact any of us at any time, and we must remember we are in this together.

Below are a few updates and reminders:

- Tests and quizzes missed due to COVID will be made up over time upon return for students.
- Continue to check RenWeb first and then Google Classroom for assignments.
- If you have an academic question, please don't hesitate to contact your teacher or Dr. Kight.
- Continue to encourage your child to socially distance, wear a mask, and wash hands.
- School areas are being disinfected at scheduled intervals.
- The Health Department is our resource when we have questions and seek guidance. Also a person who is positive or asked to quarantine should expect a call from them.
- **If you have been asked to quarantine, please follow these CDC/Health Department guidelines:** *"Your child should quarantine at home, except in case of emergency or to be tested for COVID-19. He/she should not attend school, extracurricular activities, or public activities during this time."* **Following these guidelines will be beneficial to the school population and future impact upon other students.**

We are **COMMITTED** to staying open in the safest and most effective way we can, attempting to balance the need for a safe school environment with the need for healthy development for our students academically as well as spiritually, socially, and physically.

**Psalm 27:1: "The Lord is my light and my salvation; whom shall I fear? The Lord is the strength of my life; of whom shall I be afraid?"**

Sincerely,

Stan Couey  
Headmaster
